Course Overview

Did you know that 80% of Fortune 500 companies use SharePoint to power collaboration and manage content across teams? It's a powerful platform—but without the right training, it's easy to feel lost in the complexity. The 55215 SharePoint Online Power User Course helps you take control of your SharePoint sites with practical, hands-on instruction designed for real business users. You'll learn how to build, organize, and manage sites that actually work for your team—while picking up best practices and learning what to avoid along the way. Through live demos and guided exercises, you'll gain the skills and confidence to make SharePoint Online a productive, user-friendly hub for your organization.

About This Course

Did you know that 80% of Fortune 500 companies use SharePoint to power collaboration and manage content across teams? It's a powerful platform—but without the right training, it's easy to feel lost in the complexity. The 55215 SharePoint Online Power User Course helps you take control of your SharePoint sites with practical, hands-on instruction designed for real business users. You'll learn how to build, organize, and manage sites that actually work for your team—while picking up best practices and learning what to avoid along the way.
